You've been there before  
You know how it feels  
You think they'll come around  
You know that's unreal  
You express you want more  
You give them time  
You think they'll come around  
You've lost your mind.

I know you're not over him  
But baby he's over you  
I won't say that I told you so  
I wouldn't be that cruel.

And I don't wanna be the one hanging on  
Stuck thinking of someone that can't be won  
I don't wanna be the one hanging on  
Stuck thinking of someone that can't be won.

You see them now and then  
You can't turn it off  
You think things have changed  
You can't be wrong  
You ask where do you stand  
You wait to hear  
You're told that you're the past  
Your biggest fear.

I know you're not over him  
But baby he's over you  
I won't say that I told you so  
I wouldn't be that cruel.

And I don't wanna be the one hanging on  
Stuck thinking of someone that can't be won  
I don't wanna be the one hanging on  
Stuck thinking of someone that can't be won.
