There you go looking so cute
In our first and only rendezvous
In that black dress youâ€™™ ve passed all my tests
But you donâ€™™ t drop hints; you make a brother
guess.

You and I share more than chemistry
Even after tonight it wonâ€™™ t spoil the mystery
This is where I thought Iâ€™™ d never be
Now Iâ€™™ m ready to show another side of me.

Iâ€™™ m gonna make such a mess
All over your vanilla dress
Youâ€™™ re gonna be so impressed
With everything that comes next.

Iâ€™™ m gonna make such a mess
All over your vanilla dress
Youâ€™™ re gonna be so impressed
With everything that comes next.

There you go playing it so cool
Making up your own set of rules
I must confess youâ€™™ re so different from the rest
You made my love bend now I canâ€™™ t get you out of
my head.

You and I share more than chemistry
Even after tonight it wonâ€™™ t spoil the mystery
This is where I thought Iâ€™™ d never be
Now Iâ€™™ m ready to show another side of me.

Iâ€™™ m gonna make such a mess
All over your vanilla dress
Youâ€™™ re gonna be so impressed
With everything that comes next.
Iâ€™™ m gonna make such a mess
All over your vanilla dress
Youâ€™™ re gonna be so impressed
With everything that comes next.

Iâ€™™ ve got some explaining to do

How did I end up here with you?
It wasn't planned but there's still some residue
Now all we've got are memories of you.
I've got some explaining to do
How did I end up here with you?
It wasn't planned but there's still some residue
Now all we've got are memories of you.

You and I share more than chemistry
Even after tonight it won't spoil the mystery
This is where I thought I'd never be
Now I'm ready to show another side of me.

I'm gonna make such a mess
All over your vanilla dress
You're gonna be so impressed
With everything that comes next.
I'm gonna make such a mess
All over your vanilla dress
You're gonna be so impressed
With everything that comes next.
