She wonders like a little child, who hasn't seen the rain  
Gently will she tell you that she's scared  
A lonely child, a bird of sorrow  
is all she can see,  
'cause people came and changed her as they pleased

She doesn't laugh, knows not to cry  
indifference is her name  
Sleeps quietly in some corner of her world  
She'd wake up in the morning and then she'd kiss the  
flowers again  
Sometimes thinks of people who're not the same

\*\* Lying to yourself  
you know she'll fly away  
if only you knew what's right  
you'd walk away ... no ...

till i'm no one again...

And all the things I think I did,  
to make her smile again,  
worked a little while then disappeared.  
But still I'll try to catch her eye, and tell her that I care,  
wonder if she even knows that I'm there?

\*\* Lying to yourself  
you know she'll fly away  
if only you knew what's right  
you'd walk away ... no ...

till i'm no one again...

Await the light  
embrace the darkness  
and scream out to the sky,  
watching life pass before me,  
And the world I have inside,  
I've seen the world, lived it all,  
Seen it thru' my eyes,  
The blinding shades of laughter,

I can see here as I lie,  
As here I lie.....

.....HERE I'M NO ONE AGAIN
