get the feel of the electric guitar
and play it all night
ten thousands watts of amplification
switch on the overdrive
ride your six string as long as you can
till the world's out of sight
just feel the power of the crazy sound
feel it jump deep inside

let me loose into the wild
somehow i will find the way
tomorrow's still too far...away
all we need is a shot, baby
of hope, and off we go...

come here baby i'll take you high
let you ride through the skies
grab a bottle of rum or whiskey
it's nectar in disguise
then listen to the words that i say
and we'll freak out all night...so give me that

satisfaction...

its all i need, i'm gonna get it somehow
satisfaction...
its all i know, i'm gonna get it right now, baby
satisfaction...
is all i care, i'm gonna get it somehow baby
satisfaction
its all i know i'm gonna get it...now !!

ride your six string as long as you can
till the world's out of sight
just feel the power of the crazy sound
feel it jump deep inside .so give me that

satisfaction...

its all i need, i'm gonna get it somehow
satisfaction...

its all i know, i'm gonna get it right now, baby
satisfaction...
is all i care, i'm gonna get it somehow baby
satisfaction
its all i know i'm gonna get it...now !!

let me loose into the wild
somehow i will find the way
tomorrow's still too far...away
all we need is a shot, baby, of hope
and off we go...
