Looking back
How did I get here?
Chasing circles
Never (thought so near)
I'm shaded by the red
Now I want you
I walk this way in my dreams softly
Find a way
Your distant light's on me
I'm shaded by the red

Maybe that's what it takes
For me to be with you
Maybe it's our love saved
Maybe that's why it breaks
And we do the things we do
Maybe that's what it takes

I've opened up
I've let you back inside
Don't take your time
Cos I've been wishing I'd lied
I'll shade you with the red

Maybe that's what it takes
For me to be with you
Maybe it's our love saved
Maybe that's why it breaks
And we do the things we do
Maybe that's what it takes

How will I know to come
How will I know if you're the one
The one
The only one

Maybe that's what it takes
For me to be with you
Maybe it's our love saved
Maybe that's why it breaks
And we do the things we do
Maybe that's what it takes

Maybe that's why it breaks
And we do the things
