(Verse 1)

I'm getting good at talking bout nothing, seems to be
all I got in
Common with folks,
Never been into to T.V.'s quality shows, so I'm not hip to
any of your
Novelty joke,
(You watch it everybody's watching it bro) I laugh it off
and nod but
Man I honestly don't, that's where the convos get
awkwardly slow, I
Been too busy planting seeds and watching em grow, I
represent Alive
And Well, living real dreams television can't buy and
sell, a t.v.'s
Everywhere the clientele's at, but we climbed out that
crater and the
Giants fell flat, see my intels backed by lions held
back, by tyrants
We won't but we might give hell back, unless it freezes
then we might
As well man, we're timeless but only time will tell that,

(Chorus)

This song will be oldy but a goody, only cause I made it
solely what
It should be, and kept following my own feet where
they took me, and
Never rode the one trick pony for the cookie, This song
will be oldy
But a goody, only cause I made it solely what it should
be, and kept
Following my own feet where they took me, and never
rode the one trick
Pony for the cookie,

Da da-da da da-da da da-da da-da, Da da-da da da-da
da da-da da-da, Da
Da-da da da-da da da-da da-da, Da da-da da da-da da
da-da da-da
This song will be oldy but a goody, only cause I made it

solely what
It should be, and kept following my own feet where
they took me, and
Never rode the one trick pony for the cookie,

(Verse 2)

Keep to yours cause to each is own, and what's yours
can be theirs
Once your weakness shows, I've traveled in between
the slopes of these
Peaks and lows, to find salvation hidden in these
leafless groves, I've
Covered all of my bases on a need to know, and held
onto my values
That increase and grow, they keep me glowing when
my beacons don't,
And unashamed of my cycle as it reaps and sews,
I'm confident cause I dove where the deep end goes,
made it back on my
Weakened bones, I bought some milk and a pair deep
sea goggles, and
Went right back in like the deeps my home, Yuh, so I
don't have to
Pretend no, or keep the enemies that they say to keep
so close, to
Know yourself is to give freedom hope, to know me is
to know why I
Lead and you don't,

(Chorus)

This song will be oldy but a goody, only cause I made it
solely what
It should be, and kept following my own feet where
they took me, and
Never rode the one trick pony for the cookie, This song
will be oldy
But a goody, only cause I made it solely what it should
be, and kept
Following my own feet where they took me, and never
rode the one trick
Pony for the cookie,

I don't believe in hard work or day off, I just do me until
what I do pays off,
Measuring success by progression, ready for what's
next my profession
And I'm callin it my day job, Fuck hard work, And fuck a
day off, I
Just do me until what I do pays off, measuring success
by progression,
Ready for what's next my profession and I'm callin it

my day job
