Just gimme what I want then I'll leave, I treat my wants
like needs, my
Wants like needs, Just gimme what I want then I'll
leave, then I'll
Leave, I treat my wants like needs, my wants like...

(Verse 1)

I want to slip my life drugs and take advantage of
reality, and look
At the world from the vantage of a fantasy, I want to be
beneath the
Light and know this all cancer free, make happiness
love company and
Tell her to come dance with me,
I want the radio not pay to play, need change for the
things that are
Day to day, hate the fade to grey, and how it's "A"
okay, to feel safe
When every thing just stays the same, I don't wanna
nay say, he say,
She say, or may day, delay, replay, all I want are hay
days, and all
Of the keep sakes, and be where bass plays, where the
beats break

(Chorus)

I want it like you stole it from me, or it's worth in gold or
money,
World doesn't owe me something, but it doesn't owe
me nothing, don't
Have a poker face I've never been one known for for
bluffing, I'm not a
Joker ace I don't play to fold I'm All In
Just gimme what I want then I'll leave, then I'll leave, I
treat my
Wants like needs, my wants like needs, Just gimme
what I want then I'll
Leave, then I'll leave, I treat my wants like needs, my
wants like...
I aint leaving till demands are met, I need the world
and a jet, I

Want all of the above and beyond, I want the answer
yes, like I need
Water and a breath, I want all of the respect, I want it
like I need
It so I need the answer yes,

(Verse 2)

I want some inspiration in an I.V. I need a situation
where my house
Is insulated by my pipe dreams, I wish to make it for
my team, I'd be
A twist of fate with out em that would twist and break
me for my blind
Leaps, I wanna do more than just thank you, I'm gonna
make moves till I
Find a better way to, for the fans and the fam and
support that has,
Turn the breaking points into break throughs, want
more for my mom
Then serenity prayer, or the heavenly stairs, or to ever
be scared,
Want family spared from what will never be fair, want a
lot so the
Universe better prepare,

(Chorus)

I want it like you stole it from me, or it's worth in gold or
money,
World doesn't owe me something, but it doesn't owe
me nothing, don't
Have a poker face I've never been one known for for
bluffing, I'm not a
Joker ace I don't play to fold I'm All In
Just gimme what I want then I'll leave, then I'll leave, I
treat my
Wants like needs, my wants like needs, Just gimme
what I want then I'll
Leave, then I'll leave, I treat my wants like needs, my
wants like...
I aint leaving till demands are met, I need the world
and a jet, I
Want all of the above and beyond, I want the answer
yes, like I need
Water and a breath, I want all of the respect, I want it
like I need
It so I need the answer yes,

(Verse 3)

I want I want I want, I need I need I need, why stop, by
god, I'm not,
Gonna till I see, my dreams, succeed, it seems that we

must bleed for
Things that we buhleive in, my pain just deepens to
reap things I see
Fit so I keep from healing, sacrifice (break, bring back)
sacrifice,
And it seems ima bleed till the passion dies, or I'll have
the life,
That I want like I need so I'm not asking nice, or
relaxing while it
Might be passing by, I'm steadily filling in the gaps that
I, feel are
On path but I can't classify, for fact but I'm ready for
what the life
Has in mind, I got wants and they need to be satisfied

(Chorus)

I want it like you stole it from me, or it's worth in gold or
money,
World doesn't owe me something, but it doesn't owe
me nothing, don't
Have a poker face I've never been one known for for
bluffing, I'm not a
Joker ace I don't play to fold I'm All In
Just gimme what I want then I'll leave, then I'll leave, I
treat my
Wants like needs, my wants like needs, Just gimme
what I want then I'll
Leave, then I'll leave, I treat my wants like needs, my
wants like...
I aint leaving till demands are met, I need the world
and a jet, I
Want all of the above and beyond, I want the answer
yes, like I need
Water and a breath, I want all of the respect, I want it
like I need
It so I need the answer yes
