(Verse 1)

I hit a wall again, thinking not again, the graffiti on it  
read, I -  
Don't - know, that answered why I never saw ahead, so  
with a knotted  
Head, well, it was time to roll, the sky is autumn red,  
heading where  
Fiefel goes, I find where my problems went on these  
type of strolls,  
Here I fight the blows and try to find some growth, I  
thought em dead  
But they were idle woes, pops see's the world through  
his  
Kaleidoscope, I don't even think he can see the pipe he  
smokes, I gave  
Up on him a long time ago, to let him glide on hope,  
now I found he  
Hit different kinda low, got his daughter to try his  
dope, I held her  
Crying soul, and if he has one, well his is it's dying  
slow, she's the  
Last angel that would guide him so, when his lighter  
dulls I hope he  
Finds a better light that glows

(Chorus)

I didn't wanna write this nor did I wanna live the  
situation, I don't  
Even like this song I'm too disappointed in the  
inspiration

(Verse 2)

Promised skies, are disguised, polished lies when  
there's nowhere to  
Go, the bottom line, That's where honest lies, waiting  
for us at our  
Lowest of low, my pulse is slow conversing with the  
vulture and crow,  
World on my back and my shoulders are cold, I bury  
burdens in the same  
Ground I go for the gold, so as I dig deep both get

exposed, How do I  
Tell the man that showed me the ropes, that either he's  
let go or they  
Broke, and he's fallen and made a home of a hole,  
that's too dark to  
See so he don't notice it tho, What do I tell my sister I  
showed all  
The ropes, when she says she loves dad but she's over  
it so, to hold  
Her rope she's letting go of her hope, pop's either  
sober or ghost

(Chorus)

I didn't wanna write this, nor did I want to live the  
situation,  
I don't even like this song... I'm too disappointed in the  
inspiration
