I just wanna dance in London  
Just give me one night and a morning  
me and my girl gonna take over the dance floor  
take over the dance floor  
I just wanna dance in London  
Just give me one night and a morning  
me and my girl gonna take over the dance floor  
take over the dance floor  
Nice city, nice girl, nice ass  
got girl I really won't smash

Got ass, got hips, got class  
gotta touch with a girl like that  
just walk in down the though sway  
ain't nobody else coming homie  
let's have fun and the party at the sight  
back in paradise the party is all mine  
I just wanna dance in London  
Dance with me I'm the king of the city  
around the world girls are really looking pretty  
get a joggy with it go in the na na na

I hit one more time for this pump pump pump  
to get it we can make this to remember  
we bring this summer to December  
party gab let's go slam to disco  
from London, Paris to Francisco  
the DJ playing that song and the move is on fire  
to the early morn that's want me desire  
let's go in higher to the top  
put your hands up in the light time  
pull up the light is up once again

Pull up the light just burn like a flame  
move your ass on the dance floor  
flash with no..  
from London, Paris to Francisco, to Francisco  
And the move is on fire  
that's want me desire  
to the top put your hands up in the light  
once again  
just burn up the flame on the dance floor
