I'm tellin' you  
Picture this another Monday morning  
You go to work, but you don't know why you're goin'  
Everyday it's just the same, it's stupid and boring  
And it feels like you're going insane

Right now, you don't understand it  
And slow down, there's no reason to panic  
Because Monday you're still gonna make it  
But you can't get that far when you're a fish outta water  
my friend

Marco Polo, don't you know that's how the game goes?  
Marco Polo, you're a fish outta water and I bet you  
didn't know

Everyday, life's gettin' harder  
And you're livin' like a fish outta water  
You can't breathe or you don't bother  
That's what it like when you're a fish outta water

I'm tellin' you  
You wake up one day  
Look around realize you're losin' time  
The tide has got you  
And you watch as your life starts drifting by

Thought you'd go with the flow  
When the next thing you know feels like you're  
drowning  
Take a step back and check yourself  
Make sure you don't fuck it up and then you do it again

So, right now you don't understand it  
Slow down there's no reason to panic  
Because Monday, you're still gonna make it  
But you can't get that far when you're a fish outta water  
my friend

Marco Polo, don't you know that's how the game goes?  
Marco Polo, you're a fish outta water and I bet you  
didn't know

Everyday, life's gettin' harder  
And you're livin' like a fish outta water  
You can't breathe or you don't bother  
That's what it's like when you're a fish outta water

Marco Polo, Marco Polo, Marco Polo  
Marco Polo, Marco Polo

Now, I'm underwater so deep that I'm blind  
Feelin' around in hopes that I'll find inspiration  
Or somethin' that'll touch me  
Grounded so deep my feet can't even move me

Time runnin' in the rat race all day  
I'm thinkin', who's life is it anyways?  
Feelin' worthless can't find the surface  
Swimmin' in my mind just to find the purpose

And tides all low and I'm all exposed  
Eyes froze, makes me wonder 'bout this path I chose  
Nobody told you when to run  
Bang, bang, you missed the starting gun

Everyday, life's gettin' harder  
And you're livin' like a fish outta water  
You can't breathe or you don't bother  
That's what it's like when you're a fish outta water

Everyday, life's gettin' harder  
And you're livin' like a fish outta water  
You can't breathe or you don't bother  
That's what it like when you're a fish outta water
