Close your eyes, my leather hearted boys
Such a waste, cut your silky noise
Uuuh, I don't wanna see you
Uuuh, I don't wanna see you

Chorus:

You could be my ice age sugar
You lay me down, you make me shiver
Blow me like a floating feather
We'll be dark, we'll be dark, we'll be dark forever.

It's no surprise, she'd spiky jagged claws
She's such a wraith, a lady of the sword
Uuuh, I don't wanna see you
Cause I don't wanna see you

Chorus:

You could be my ice age sugar
You lay me down you make me shiver
Blow me like a floating feather,
We'll be dark, we'll be dark, we'll be dark.

You could be my ice age sugar
You lay me down you make me shiver
Blow me like a floating feather
We'll be dark, we'll be dark, we'll be dark forever.
