Beneath the realm of life,
Damned souls scream in agony,
Burning in eternal flames and torment.
We learn more about this dark truth yet here in life, we
Still give in to the forces of mortal and venal sin; Why?
Isn't the truth from beyond the grave powerful enough
To shake all? Isn't eternal damnation scary anymore?
Is there something pulling us from accepting the truth
While we still have the chance?
Or as usual is it LUCIFER?
Certainly, everyone will put the blame on poor Lucifer
But seize to realize that we too were given the power
Of will and funny enough, we're subject to it's natural
powers.

Why is it that after we have committed a grievous
offense
Or made a serious mistake,
We regret our actions AFTER THE MISTAKE!
OR OFFENSE! But before it,
We lose control and do not care.
We just can't survive anger in our lives.
... everyone gives in to it..
Beyond the grave, damned souls regret their actions
On earth... we know these facts.
But we still in the realm of life are still giving
In to the seven deadliest sins and venal sins.
... it's enigmatic but can still be understood to an
extent.
