1st Verse:

What a pleasure and a privilege it really is
To honor the King of Kings
Just to enter His gates with thanksgiving in our hearts
And let the hosannas ring
To worship His magnificent name
To lift up holy hands and proclaim
That Jesus is Lord to the glory of God
He is the way that the Father has shown us His love
And in this hour of power and praise as we lift up the
Christ
We are restored we are renewed we are revived again

2nd Verse:

When I'm feeling low and nobody else knows
I can go to my God in prayer
I can pray in the spirit or pray with the understanding
And tell him my every care
Then I worship His magnificent name (It is magnificent)

Lift up my hands and proclaim (got'a lift my hands up
ya'll)
Proclaim that Jesus is Lord to the glory of God
He is the way that the Father has shown me His love
And in that hour of (power and praise-repeated)
As I lift up the Christ
I am restored (all I know is I am restored)
I am renewed (all I know is I am renewed)
I am (all I know is I am revived again) revived again
Yeah yeah yeah

Chorus:

We are restored through Jesus Christ
Unto a new (a very new) victorious life
So come on and magnify the Lord with me right now
It's a new covenant "À" God has made new covenant
And in the new covenant Jesus is the mediator
Of better things and better promises
Than in days of old
