1st Verse:

Dupe Dupe, yeah yeah,  
Some people try to tell me that I'm wasting my time  
Some others think I've lost my mind;  
Not there is where some try to tell me you are,  
They don't know you're my Guiding Star;  
And I don't think I'm wasting time  
'Cause your Word tells me I am yours and You are mine

Chorus:

Surrender to Jesus - Just let go  
Give Him complete control  
He loves you so  
Surrender to Jesus - God's only Son  
He will provide whatever you need

Right until the day is done

2nd Verse:

Dupe Dupe, yeah yeah I wanna know,  
Do you, only trust the things you can see?  
Do you say, "I only rely on me?"  
So you stay locked up with your pride and your fears;  
While Jesus lingers oh so near  
So just admit things are way off track  
Give your life to him and see what you get back

Chorus

Bridge: Surrender - all your life to Jesus today

Chorus

Yes he will be with you til the day is done
