[Verse]

Never was lucky in love
Search for gold
Found only dust

When you're daddy's girl
You get what you want
But not with love

[Lead-in]

Boys want to get my number
Feels like a stream of piranhas
Where is that gentleman caller
Who gets me hot, under the collar

[Chorus]

I wait day and night
For Mr. Right
It's tough to be a girl like me

I search high and low
He's still a no show
It's tough to be a girl like me

So tough to be
When the boys stampede
Yet still not lucky
It's tough to be a girl like me

[Verse]

Dating's the same as buying shoes
Looks are deceiving
Fall in love with Jimmy Choos
You end up blistered

Girls want to be adored
But the flowers have got me bored
It's the things you can't afford
That get me out of bed each morning

[Lead-in]

Boys want to get my number
Feels like a stream of piranhas
Where is that gentleman caller
Who get's me hot, under the collar

[Chorus]
I wait day and night
For Mr. Right
It's tough to be a girl like me

I search high and low
He's still a no show
It's tough to be a girl like me

So tough to be
When the boys stampede
Yet still not lucky
It's tough to be a girl like me

It's tough to be be be
A girl like me

[Middle-8 / Lead-in]
Boys want to get my number
It's tough to be be....
Feels like a stream of piranhas
A...a girl like me me me

[Chorus]
I wait day and night
For Mr. Right
It's tough to be a girl like me

I search high and low
He's still a no show
It's tough to be a girl like me

I want someone who understands
Looks through the outfits to find who I am
They see what's on the outside, but inside
It's tough to be a girl like me

So tough to be
When the boys stampede
Yet still not lucky
It's tough to be a girl like me
