

Phillip Phillips "Drive Me"

Visit "[Drive Me](#)" on MotoLyrics.com

All I wonder if my night is gonna change
Lights moving bodies grooving but I cannot feel a thing
I got one step to the door
Then i'm here auuuuuu
Light gravity pulling me in
I'm sinking in this base within
I cant help by giving in to this stranger will no name
Dancing like a flame, like i'm marth, I cannot be turned
away

Leave me, take me, far from here, sweet lane

Do what you do, and do what you will
Let me get down, like a whole 'nother wheel
Let me drive you crazy
Do what you do, and do what you will
Let me get down, i'll be all that you feel
Ill let you drive me crazy

I love your moves, I like your style
With them hips you drive me wild
Im the puppet to your strings
You keep on moving me
And the world you keep on turning
Turning from me now
Everything we have is moving down down down
We just keep on grooving all down down down

Leave me, take me, so far from here, sweet lane

Do what you do, and do what you will
Let me get down, like a whole 'nother wheel
Let me drive you crazy
Do what you do, and do what you will
Let me get down, i'll be all that you feel
Ill let you drive me crazy

Do what you do, and do what you will
Let me get down, like a whole 'nother wheel
Baby let me drive you crazy
Do what you do, and do what you will
Let me get down, i'll be all that you feel

Ill let you drive me

Do what you do, and do what you will
Let me get down, like a whole 'nother wheel
Baby let me drive you crazy
Do what you do, and do what you will
Let me get down, i'll be all that you feel
Ill let you drive me crazy
Oh say oh
Ill let you drive me crazy
