You broke my heart
And pick the pieces
Threw them in the fire to burn
Left me cold out in the rain.

Now I'm moving on
Without you baby
Without you by my side
I'm finally feeling free.

But I know that
The sun will shine for me
Even when the skies are grey
But I feel like I'm missing something
But the bridges built narrow ways

I know you've moved on without me girl
But I still think
How the time moved so fast
Still think of how the world
It goes around around around
And it all stopped when you said
Enough for now... yeah, yeah

But I know that
The sun will shine for me
Even when the skies are grey
And I feel like I'm missing something
But the bridges built narrow ways

Like the ocean
Washes sand to the shore
Your like the sun
That slips away
Left the taste of angel
And eyes that will bring me to my knees
And a smile that could set me free

Just follow me
Just follow me
