Lonely in a room no sound to fill your soul  
Hopes and dreams, the house will glow who can't let go  
But you can only see when I look into your eyes you pull  
me in too deep

Take me in take me out till i'm nothing more than words  
spoken from your sweet sweet mouth  
And dance around like no one can see baby  
Move your body with the rhythm, move your body next  
to me

Wanted is love, now go and sing  
You know you gotta hold on and watch your love before  
it's gone away  
Wanted is love, now go and sing  
You know you gotta hold on and watch your love before  
it's gone away

One step too, and i'm sinking in your eyes  
Only to see the truth hidden behind your evil eyes  
And no likely me to the ways of you  
Is it me or am I lone it's all such mystery

Wanted is love, now go and sing  
You know you gotta hold on and watch your love before  
it's gone away  
Wanted is love, now go and sing  
You know you gotta hold on and watch your love before  
it's gone away

Wanted is love

Wanted is love, now go and sing  
You know you gotta seek everything you love before it's  
gone away

Wanted is love, now go and sing  
You know you gotta seek everything you love before it's  
gone away

Wanted is love  
Wanted is love
