"Southeast Corner Of My Mind"

I close my eyes and I can see
A pretty face in a place
I left behind
It takes some time to erase
To break through all the ties that bind
In the southeast corner of my mind
And if she wanders through my imagination
My imagination runs away with me
I can still recall her face
There's no place I'd rather be
And if I try to believe
Every word that I've heard to be unkind
It's a waste of time to get stirred
To break through all the ties that bind
In the southeast corner of my mind
And if she wanders through my imagination
My imagination runs away with me
I can still recall her face
There's no place I'd rather be
