Did you jump into my mind?
Did not see something you liked?
Did you know just why I'm so cynical?
Did with growth, we just scar our souls?
Did it oust upon our bleedin hearts?
Happen to help us start

Some of this, some of that
Did we think that this would last
Or did we hope for somethin more
And without and within, did we see the original sin
Or did we see ourselves in this
I'm hopin, were hopeless in this

Will this thought cost us our time?
Will the morning shed your light?
Will we be better off alone?
Will this help us see our own?
Will it be a suicide note that
Happen to cut the rope

Some of this, some of that
Did we think that this would last
Or did we hope for somethin more
And without and within, did we see the original sin
Or did we see ourselves in this
Im hopin, were hopeless with this
