

## Pixikill "Chameleon"

Visit "[Chameleon](#)" on MotoLyrics.com

Everyone else is doing it, so why don't you do it too  
Everyone else is saying it, so why don't you scream it  
too  
All of those guys are craving it, so you're gonna crave  
it too  
All of the guys are thinking it, and I know you think it  
too  
Â  
You've got a hole so why don't you fill it with lies  
You got a hole so why don't you fill it with liesÂ (

You're blending in but I've figured you out  
You're faking it, and I'm calling you out  
Everybody's onto you, if you could, let it go  
(Everybody sees the fool, why don't you let it goÂ  
So, let it, let it, let it take over  
Shut up, shut up, and change your color  
Your second face  
Is getting ugly now  
Â  
All of your friends are acting weird  
Maybe you'll act psycho too  
All of your friends are I'll behaved  
Go and be a tasteless fool

You've got a hole so why don't you fill it with lies  
You got a hole so why don't you fill it with liesÂ (

You're blending in but I've figured you out  
You're faking it, and I'm calling you out  
Everybody's onto you, if you could, let it go(  
Everybody sees the fool, why don't you let it goÂ  
So, let it, let it, let it take over  
Shut up, shut up, and change your color  
Your second face  
Is getting ugly now  
Â  
Excuse me, but I smell the fear(  
The first sign of you, you disappear(  
And now you try to change your heart  
(AcceptanceÂ shouldn't be that hard (x4)

You're blending in but I've figured you out  
You're faking it, and I'm calling you out  
Everybody's onto you, if you could, let it go  
(Everybody sees the fool, why don't you let it go  
So, let it, let it, let it take over  
Shut up, shut up, and change your color  
Your second face  
Is getting ugly now
