I tried â€˜em all, I drank â€˜em all
I fell, threw up like hell, I even crawled
But the ethylic beauties felt at ease
When soberness made me ask :
â€œCould you take off your maskâ€
I tried â€˜em all, I smoked â€˜em all,
I went from still to thrilled, I forgot to recall
But MJâ€™s a cruel mistress, sheâ€™s like a drug
So I turned to my mattress and pulled the plug

Sweet insanity put me to sleep

I see an army of broken bones
Roll like stones through an endless valley
I see pink elephants drink beers
With green fairies saying cheers

Close your eyes and see reality as it was meant to
Close your eyes and see reality as it was meant to
Close your eyes and see reality as it was meant to
Close your eyes and see reality as it was meant to be !

I tried â€˜em all, I fucked â€˜em all
Ginger, Blondie, Brunette, I made â€˜em moan
But I gotta tell, the â€œLâ€ word hides well
Letâ€™s try this with feelings
Cause thereâ€™s something missing
I have it all, well, I had it all
Tangible illusions defined as real
But every now and then when I close my eyes,
I just realized what was meant to lastâ€

Sweet insanity put me to sleep

I see goddesses without faces
Floating casually like nameless feathers around me
I watch my dark side fight with white shark-shaped
mirrors
And colors shout out of the scars

Close your eyes and see reality as it was meant to
Close your eyes and see reality as it was meant to

Close your eyes and see reality as it was meant to
Close your eyes and see reality as it was meant to be !

Sweet insanity please release me !
