Racing ahead the current  
Direction of the sea eagle  
Sea people massing for the attack  
Melt the ice and set the ship free  
Melt the ice and set the ship free  
Set the ship free (repeat)  
Molten lava burning in rolling river  
Thought energy flowing through the eyes  
To pulse the power  
We must go to meet it  
Use your strength push against them  
Use your strength push against them  
Sets the ship free (repeat)  
You can scan the waves  
But nothing moves  
You can feel the breeze  
Go with the groove  
The moment isn't right  
The moment isn't left  
The moment is a shining speck  
Against the sky  
(repeat)  
Set the ship free (repeat)
