All I see, all I see, is you.
All I feel, all I feel, is you.

Canâ€™t you be nearer?
(I lost you once. Now Iâ€™m not gonna lose you.)

Dreams of us in silent embrace
Please donâ€™t wake me up again
Youâ€™re the only one for me
Please donâ€™t let this go

All I breathe, all I breathe, is you.
All I hear, all I hear, is you.

Canâ€™t you be nearer?
(I lost you once. Now Iâ€™m not gonna lose you.)

Dreams of us in silent embrace
Please donâ€™t wake me up again
Youâ€™re the only one for me
Please donâ€™t let this go
