I think you know me
I think you know why I'm here
It's time I take what's mine

I think you know me
I think you know why I'm here
I will not waste my time
Heah

I will not waste my time

Do you remember
The night I told you you'd lost it?
I swear that I mean it
I'm not afraid to admit that I've changed
I'm not to be trusted

There's nothing you can do
There's nothing you can say
That will change my thinking
(That will change my thinking)
You can't change things

[Chorus:]
All I know is this is wrong
And I'm taking back what's mine
And you can watch me
Listen close, listen close
You will never cross my mind
And you can trust me
(You will never cross my mind)

I hope that you know
That it's been my mission to ruin you
I will not sleep until it's done

What were you expecting?
You know that I'm so cold
And "my emotions are aimless"
You don't stand a chance
You don't stand a fucking chance, prick

I won't control myself this time
And I will laugh in the face
Of the fuck that betrayed me

One by one he will say his petty words
And one by one I will tear his limbs apart
One by one
I will tear your limbs apart
And to your friends
Fuck, fuck them all
Fuck you all
You worthless slime
Fuck you all

No, I will never let this down

[Chorus:]
All I know is this is wrong
And I'm taking back what's mine
And you can watch me
Listen close, listen close
You will never cross my mind
And you can trust me
You will never cross my mind
Wo-o-oh
