You were the last thing I had to hold on to,
Don't try and cover it up or justify this,
Stagger your way out of our lives,
You're just as worthless as he is,
Your selfishness makes me sick,
How can you live with yourself?

What is wrong with you? Where did you go?
After everything we've been through, how could you do
this?
Your broken teeth and the scars on your face, you
really miss that?
You really wanna go back to that?
I heard you scream as he ripped you to pieces,
Smashing your face on the table,

I'm finding out,
I never needed you to begin with,
We don't need their charity,
We don't need their apathy,

Step aside,
This is not your problem,
This has nothing to do with you,
We will never need you,
We'll never need your help,
Stay away from me,
I don't need your help,

All I wanted was to have my family back,
To see my mothers smile,
To hear my father say he loves me,
One more time,

Why does everything change?
Why can't we go back to how things were before?
I'll never take it for granted,
I'll never fight for anything else

I will fight for this,
I will fight for everything,
So go ahead and shut us out again,

Pray that someone takes your place

You are worthless
