"Feel The Same Way"

There's something in the way you say my name
That makes me sure that
The feelings that you're feeling are the same
As the ones that I have for you
I adore you

The times we spend together never last
As long as I'd like
And everyday the sun goes down too fast
Sit here for as much time as you can get
You and me watching the sunset

'Cause every time I see your face
My heart leaps and I melt inside
And every time you talk to me
I have a hard time seeing past those eyes
And all I want is for you to say
"Darling, I feel the same way as you"

There's times when you don't feel like talking on the
Phone
But still you listen and
You walk me to my door when you take me home

You lean closer and then you kiss me
And say that 'til tomorrow you'll miss me

'Cause every time I see your face
My heart leaps and I melt inside
And every time you talk to me
I have a hard time seeing past those eyes
And all I want is for you to say
"Darling, I feel the same way as you"

Sit here for as much time as you can get
You and me watching the sunset
It can't get much better than this

'Cause every time I see your face
My heart leaps and I melt inside
And every time you talk to me
I have a hard time seeing past those eyes

And all I want is for you to say
"Darling, I feel the same way as you"
