Stand real close to me and do just like I do  
Open your mind and cock the trigger back far  
Pull it at the point where you feel most pain  
Pull it at the point where you feel most alive  
I can't live  
Lifes so dirty  
We're so lost  
Standing on the edge of our lives without a dime  
Or a thought or a dream  
Dizzy just crying to fall head over heels in love with  
something  
We are waiting for our hits to come  
We are waiting for our hits to come  
And I can feel mine rolling along  
Like a song that makes me warm  
I can see yours rolling along  
Your eyes tell me nothing's wrong  
How does this feel  
To smile through our tears  
And grasp wild in the darkness no fears  
Standing on the edge of our lives without a dime  
Or a thought for a dream  
Dizzy just crying to fall head over heels in love with  
something  
Stand real close to me and do just like I do  
Open your mind and cock the trigger back far  
Pull it at the point where you feel most pain  
Pull it at the point where you feel most alive  
I know I can't live  
I know we can't live  
Life's so dirty  
We're so lost  
Standing on the edge of out lives  
Without a dime or a thought for a dream  
Dizzy just crying to fall head over heels in love with  
something
