And I can't seem to remove this frown  
As though there is an anchor  
Weighing it down.  
So maybe I'll pack my bags  
And leave this sorry town  
And sever the chains that hold me to the ground.

This time I'll flee - I can breakaway  
Like a cliffs edge, over centuries,  
Erodes and falls in the sea.  
This time I'll flee - I can breakaway  
Now, now.

And maybe I could  
Try and take flight  
To join the planes at extreme heights.  
But beyond I will go,  
Past the stratosphere  
And catch the shooting stars  
As their journeys end here.

This time I'll flee - I can breakaway  
Like a cliffs edge, over centuries,  
Erodes and falls in the sea.  
This time I'll flee - I can breakaway  
Now, now.

And they will say, "There goes the one" The one  
that got away.  
Away yeah  
And they will say, "There goes the one" The one  
that got away.  
And maybe it's my turn now 'cause

This time I'll flee - I can breakaway  
Like a cliffs edge, over centuries,  
Erodes and falls in the sea.  
This time I'll flee - I can breakaway  
Now, now.  
This time I will flee - I can breakaway  
Like a cliffs edge, over centuries,  
Erodes and falls in the sea.

This time I'll flee â€” Oh I will break away.
