It's a brand new day and I'm sorry
It's a brand new day and I'm sorry
I will never take her away
I will never take her away
[x2]

Falling in and out of love with me
Spare me the misery
Falling in and out of love with me
Spare me the misery

What's the form to make love fit
What's the storyline of unraveling
What's the form to make love fit
What's the storyline of unraveling

Falling in and out of love with me
Spare me the misery
Wish you would kick me in my face
I'm the victim I did it

What's the storyline of unraveling
How we form to make love fit
I wish you would kick me in my face
I'm the victim I did it

Falling in and out of love with me
Spare me the misery
Falling in and out of love with me
Spare me the misery

What's the storyline of unraveling
How we form to make love fit
I wish you would kick me in my face
You're the victim I did it

It's a brand new day and I'm sorry
It's a brand new day and I'm sorry
I will never take her away
I will never take her away
