Tremble tremble at the taste of,
Tremble tremble at the taste of,
Tremble tremble at the taste of
In his hands
[x2]

Oh what a violent game, stole but I still remain,
Man be my enemy, oh but he knows
My needs

Tremble tremble at the taste of,
Tremble tremble at the taste of,
Tremble tremble at the taste of,
In his hands
Tremble tremble at the taste of,
Tremble tremble at the taste of

Oh what a violent game, stole but I still remain,
Man be my enemy, oh but he knows
My needs, my needs

Tremble tremble at the taste of,
Tremble tremble at the taste of,
Tremble tremble at the taste of
In his hands
[x4]

Stole but I still remain, oh what a violent game,
Man be my enemy, oh but he knows
[x2]

My needs
