I'm going out of my mind  
Even can't get my feet off the ground  
Feel like I'm down and out  
Somethin' in my head, and he talks to me

I gotta be disordered, I gotta psycho  
Even can't get any sleep day and night  
Feel like I'm insomniac  
Somethin' in my head, and he disturbs me

I feel senseless  
I've got to be sleepless  
I feel timeless  
I've got to be unknown place  
Oh... I gotta super shocked!

I'm going out of my mind  
Even can't get my feet off the ground  
Feel like I'm down and out  
Somethin' in my head, and he talks to me

I gotta be disordered, I gotta psycho  
Even can't get any sleep day and night  
Feel like I'm insomniac  
Somethin' in my head, and he disturbs me

I feel senseless  
I've got to be sleepless  
I feel timeless  
I've got to be unknown place  
Oh... I gotta super shocked!

I feel senseless  
I've got to be sleepless  
I feel timeless  
I've got to be unknown place

Oh... I gotta super shocked!  
Oh... I gotta future shocked!
