Wake up early morning, brushing up my teeth
Light my cigarette, with a cup of coffee
Ride my bicycle, studio is waiting you
This is my everyday's life!

Which means I'm a worker
Not too bad

Wake up next morning, brushing up my teeth
Light my cigarette, with a cup of coffee
Ride my bicycle, studio is waiting you
This is my everyday's life!

You must give me some prize

Wake up early morning, brushing up my teeth
Light my cigarette, with a cup of coffee
Ride my bicycle, studio is waiting you
This is my everyday's life!

Which means I'm a worker
Not too bad

Wake up next morning, brushing up my teeth
Light my cigarette, with a cup of coffee
Ride my bicycle, studio is waiting you
This is my everyday's life!

You must give me some prize

Sooner or later the day will coming
I will go to heaven and work as before
Day by day, day by day my life is like the way
I'm a hard worker, it's not too bad!

You must give me some prize
