"Making Sense"

Visit "[Making Sense](#)" on MotoLyrics.com

Need something to change your mind,
Change your mind, stop making sense
Learn about the both side of things
Tails I win, heads you lose

One blockhead's silly action
Leads to the new sense world
One blockhead's silly action.
Leads to the new sense

Need something to change your mind,
Change your mind, stop making sense
Learn about the both side of things
Tails I win, heads you lose

One blockhead's silly action
Leads to the new sense world
One blockhead's silly action.
Leads to the new sense

One blockhead's silly action
Leads to the new sense world
One blockhead's silly action.
Leads to the new sense
