Anyway what they guess,  
No matter how old you are.  
I feel so proud I confess that we have the best love by  
far.

The best sex I ever had  
And now I feel I am super bad, but proud.

Let me tell you about the best housewife,  
The best times of my life,  
She is the mother I would like to have,  
And I make her feel alive.

I used to be a nerd,  
And now it is time for revenge.  
I am looking for a girl,  
But not around my age.  
We met on the Internet,  
On a website I can't forget.  
I was the toy boy you would expect,  
I don't regret.

Anyway what they guess,  
No matter how old you are.  
I feel so proud I confess that we have the best love by  
far.  
Your husband is impotent,  
So now your needs are my luck.  
You are more than just a girlfriend,  
You are the mother I would like to fuck.

Baby would you be my teacher just for this summer,  
you will be my punisher.  
You could be my mother, let's love each other, just for  
one hour.

Girls, like a fine wine, get better with age, and that is  
the reason why  
I feel proud cause I am yours but you'll never be mine.

You teach me sex tricks, you make it hard as a brick

(you love my stick).

I am the gladdest geek that have the luckiest dick (you  
are the best chick).

I love your nipples, in spite of wrinkles.

I love your nipples.

I love your nipples, in spite of wrinkles.

I love your nipples, in spite of wrinkles.

Baby would you be my teacher just for this summer,  
you will be my punisher.

You could be my mother, let's love each other, just for  
one hour.
