Domo arigato Mr. Roboto mata au hi made
(Until I meet you again)
Domo arigato Mr. Roboto himitsu o shirita
(I want to know your secrets)

We are alive, full of energy
We are working with a battery, now yeah
It's nothing but mechanics
We'll play it automatically

We are anything you want to do
We are tuned just to do it, oh yeah
It's nothing but mechanics
We'll play it automatically

Thank you very much for your kind help
We can't live without you, lalala...
I guess you're right

Domo arigato Mr. Roboto mata au hi made
(Until I meet you again)

Domo arigato Mr. Roboto himitsu o shirita
(I want to know your secrets)

Domo arigato Mr. Roboto

Domo arigato Mr. Roboto

Domo arigato Mr. Roboto mata au hi made
(Until I meet you again)

Domo arigato Mr. Roboto himitsu o shirita
(I want to know your secrets)

Domo A-ri-ga-to!
