Sometimes, I just gotta jerk off
My nuts are a pressure cooker, my lymph nodes are
swollen laughter
Canker sores in traffic
Sponge bath his habits
Sometimes I just gotta watch her jerk off my mentor
Ah uh owww
Sometimes, I just gotta jerk off
My heart is a horseplay lawyer, my mind is a muffler
Pussy exhaust, not whooping cough
Mating season, not cock teasing
I heard he retired to an iron lung in Florida
Ah uh owww
I heard he retired to an iron lung in Florida
I heard he retired two crabby employers
