That's all I need
To sit in the sun

There's something here
That makes me run

It's all in my head
Or is it you instead?

We are not enemies
But we don't have to get along

And I don't wanna listen
Unless you speak from your heart
unless you speak from your heart

You can be weak
Without provoking strength

and I don't want to be here
When you will face yourself

We are not enemies
But we don't have to get along

And I don't wanna listen
Unless you speak from your heart

unless you speak from your heart
