I wonder why it's always my fault.
Why you treat me so raw girl.
You almost make me doubt in myself.
At times it's kinda hard to find the words.
They always less than you deserve.
But I make sure that my expression is felt.
Cus good 'll come to those to wait.
Those who walk their path straight.
Those who love not hate you understand.
Cause all the time I showed courage talked sense no
Rubbish.
On support and all your loving I depend.

Chorus (2X)

You make me feel like.
Uh uh uh uh uh uh
You make me think like.
Uh uh uh uh uh uh
Don't make me doubt like.
Uh uh uh uh uh uh
Just make me proud like.

I'm really just a stone who helped built.
Let you know it's all a chill.
When the morning comes greeting I'm fine.
Oh man I'm just speaking all free.
Try to keep it all brief.
When thoughts start leaking my mind.
I'm so in love with life just before I was lost.
Lost reality for dreaming that much.
Some sacrifice and arise from slumber.
Lord it makes me wonder why the youth still have to
Grow up that rough.

Chorus (2X)

You make me feel like.
Uh uh uh uh uh uh
You make me think like.
Uh uh uh uh uh uh
Don't make me doubt like.
Uh uh uh uh uh uh

Just make me proud like.

We all plant a lot of seeds but some will just not
Grow.

There is a whole lot of thing you do not know.

How I managed and got dough.

A bigger side of me I do not show.

Been living by my dreams kid since I was a snot nose.

Time has got a lot of us stressed.

Many grave for fortune and fame.

But only some of us blessed

Oh there's been a lot of chasing only some of rest.

Try to give all your heart, but there is only one in

Your chest.

Be careful

Cuz it might stop you from living more.

Know what you living more now

And you know we ain't talking 'bout me.

Cuz enough will now see that this life I'll be living

You out.

Chorus (2X)

You make me feel like.

Uh uh uh uh uh uh

You make me think like.

Uh uh uh uh uh uh

Don't make me doubt like.

Uh uh uh uh uh uh

Just make me proud like.

(Anouk)

You make me feel like.

Uh uh uh uh uh uh

You make me think like.

Uh uh uh uh uh uh

Don't make me doubt like.

Uh uh uh uh uh uh

Just make me proud like.
