### STARING LIMELIGHTS

I  
Lips are burning  
They wont feel this  
Trapped inside  
Handcuffed coz we play this  
They brought the art  
Highly anticipated  
By the passion and love for the music

II  
Invisible bond  
Mixing genre on the stage  
Playin like last.  
Im not handsome don't stare  
Keeping the loud noise  
Tense in the air  
Adjectives are rising  
You know that i care

III  
Rock reggae music  
Heads now are swayin  
Beat of the drum  
Give some time for ya chillin  
Heads or tails  
Take the risk for the battlin  
Win or lose  
We're here for expressin

### (STARING LIMELIGHTS)

Chorus:  
Come up so you can see  
These people that are free  
Invited we could be  
One voice so you can hear

Come up so you can see  
These people that are free  
Invited we could be

One voice so you can hear

IV

You are hiding  
I expect this  
In front of her  
I hunger for the death wish  
Get the keys  
Hang me now at the ceiling  
Out of bounds  
You know the real meaning

V

Uncurable disease  
I don't want to breathe  
Tried all the things  
That would get me under six feet  
Ya told me all the lies  
I produced all the allibys  
Captain o' my life  
Jump out from the time

VI

Chip on my shoulder  
Madman on loose  
Heat of the amps  
And put up some boost  
Check the date  
Not aware anymore  
Like a piece o' cake  
I gave you my soul

(repeat chorus)

Bridge:

Come up so you can see  
These people that are free  
Invited we could be  
One voice so you can hear

Come up so you can see  
These people that are free  
Invited we could be  
One voice so you can hear

(repeat chorus)

Spend a little time  
What for?!  
Spend a little time  
What for?!

Spend a little time  
What for?!  
Spend a little time
