Look at the grudge I bear, d'ya think I wanna be a part
of the scene

Look at the clothes I'm wearing on the pages of your
magazine

I do believe that revenge is a dish best served with fear
So all that I'm sayin is that the progress stops here

Listen to what I'm sayin, is it really what you want me to
hear

Back in the saddle baby, cos I'm never gonna
disappear

I know for a fact that my mind's in a mess but my
conscience is clear

So all that I'm sayin is that the progress stops here

I'm not the kind who can just run and hide when the
going gets tough

I do believe theres a trick up my sleeve when it all gets
too much

Day after day, I have toiled away through the blood and
the grit

And if it aint broke, we gotta break it

Crawl through the blood

Crawl through the grit

Crawl through the filth

Crawl through the shit

Crawl through the pain

Crawl through the spit

And if it aint broke, you gotta break it

Well look at the scars I bear, d'ya really think I wanna
be in the scene

Look at the way you've turned into just another fucking
machine

I do believe that revenge is a dish best served with fear
So all that I'm sayin is that the progress stops here

Crawl through the blood

Crawl through the grit

Crawl through the filth

Crawl through the shit
Crawl through the pain
Crawl through the spit
And if it aint broke, you gotta break it
(The progress stops here)
