Ft. AD

Man I swear to tell the truth, and the whole truth in  
body, body

Take a shot, for my city, we ain't drinkin less it's dirty  
Tell Diana I'm in Atlanta, moonwalking over birdie  
See my ex girl she on nose, my new girl has no clothes  
Then my past tense is my present fair, I got georgia  
peach, stripper blouse  
If I had a dollar for all the shit they holler  
I'd be rich, I'd be rich, that's the nightmare of a scholar  
See my dim to see that they got me, glue crew be the  
army  
And I'm bout that ain't no limit with it  
Mess around what they ain't fluid  
Try to tell the truth, cause the truth will set you free  
If you ever told the truth, then your truth will be  
preached  
Just a lonely alcoholic, ain't got time for what you  
calling  
No posponing, I been zoning, now we balling, spalling

[Hook] x 2

I'm talking money and women, actin ratchet and  
ignorant  
We like strippers and tippin, all night bottle sipping  
Oh that's that bullshit we like, that's that bullshit we like  
That's that bullshit we like, that's that bullshit we like

How can I say this? Ah, I like ratchet bitches with bad  
decisions  
The cash and givers with straight ass and titties  
And cut class when they grab tuition, ugh  
I've been this raw, I've been this hard  
But you have never planned to listen, got a couple hoes  
with an act of stripper  
But moves faith like a mad believer, I give it to em like  
I run in your freak, I make her go bad till she cut up her  
knees  
She kiss on my dick, I kiss on her cheek

I fuck her tonight, you gonn love her a week  
Spit your bitch ass, we don't never save no hoes  
Your husband your man I don't play them roles  
Just drop draws on slay them hoes, let a man do the  
trick  
And I don't pay them hoes  
That's that bullshit, shots to the head got a full clip  
Sirock, so many good sips, your girl says she love a  
blob  
Here's a good creep  
Warrup to Pries, I'm so comtown nigga put that on me  
I'm so comtown nigga put that on east,  
Cause it's too easy,
