(Prince Malik)

I wanna know,
Have you ever met somebody like me, me, me
I wanna know,
Imagine driving cars, like this without keys, keys, keys,
I wanna know,
Have you ever had real sex on the beach, beach,
beach,
I wanna know,
Have you ever met somebody like me,
Tonight's the night, tell me your fantasy

(Jim Jones)

I'm in that pop top rosey,
Poppin' that rosey, (Drink up)
Bad bitch ridin' shoty like my coatie,
Bonnie, Clyde, (Yup) homicide, (Ah)
The way I killed them all, I left them traumatized (Clear)
Get your breath (Clear) I told her get your breath, (Hah)
It ain't over, tell the pilot go and get the jet, (Where
we go)
To run away, (What) we on the runway, (Wow)
I'm dealing with some cakes so put your crumbs
away, (Gettin money)
Now get the map, and pick a place,
And bring some suntan lotion for your pretty face, (You
hear that)
Penthouse crib to see the cityscape, (You see that)
No diet, but I get rid of weight

(Prince Malik)

I wanna know,
Have you ever met somebody like me, me, me
I wanna know,
Imagine driving cars, like this without keys, keys, keys,
I wanna know,
Have you ever had real sex on the beach, beach,
beach,
I wanna know,

Have you ever met somebody like me,
Tonight's the night, tell me your fantasy

(Verse)

New coupe phantom, roof back tannin' ,
Drive along the coast, spend a week in Athens,
Now you're, now you're with me,
Your broke man's history,
The Prince is here now, (Yeah, yeah)
I'm on the fight scene heavy,
Throwing dead prezzies,
Ring side drinking wine from 1920,
So tell your friends bye, unless they wanna ride,
We'll stack them all inside, (Yeah, yeah)
I know you love the life I live, (Uh huh)
My Angelina, you can have 7 kids, (Uh huh)
And I look better than Brad Pitt,
And I just wanna know,

(Prince Malik)

I wanna know,
Have you ever met somebody like me, me, me
I wanna know,
Imagine driving cars, like this without keys, keys, keys,
I wanna know,
Have you ever had real sex on the beach, beach,
beach,
I wanna know,
Have you ever met somebody like me,
Tonight's the night, tell me your fantasy

(Repeat)
