Light a light my friend
Before it dies I'll be back again
And some things will never change
But we can put things right that life has disarranged
Though you seem so far away
It seems to me that you are there
Yes I close my eyes I see your face so clear
Yea we gotta take a chance and all my troubles'll
disappear
'Cos I believe in our romance
And it'll all flame out
The blaze hides a burning flame
It'll all burn on
And as time goes by
I'm gonna love you more and more
I'm never ever giving up on you
But I'm sometimes feeling blue
And one day I know our hearts will beat in time
Some day I'm gonna show you all the things I feel
inside
We will survive some quarrels, cigarettes and whiskey
bottles
But all the time my love is true
Yes, you are my pair of shoes
You're smiling from behind the window right into my
soul
And I know no matter what the price tag's gonna say
You'll get a grand piece of my heart
And I feel that this is just the part of the start
And it'll all flame out
The blaze hides a burning flame
It'll all burn on
And as time goes by
I'm gonna love you more and more
I'm never ever giving up on love
But I'm sometimes needin' more
And one day I know
We'll sit in front of a window
And no heart bleeds and we'll watch the snow covering
the streets
But for now it's true that sometimes when I think of you

I'm feeling blue
