Some say that it's worth fighting for love  
Some say that God is dead  
But if I didn't speak honestly my thoughts  
I swear to God I'd have regrets  
My dream is obviously broken and some words are  
Unnecessarily spoken out  
But like the breath of summer breeze  
You kiss my tears away  
And I can't tell if it's worth singing all those songs  
Just to prove my way is true  
'Cause no song in the world could ever show you  
The ways I feel for you My heart is endlessly on fire  
It's full of boiling desire  
And if you can tell your love inside  
I say I would do it, too  
When Julie says she loves me  
She is covering up my wounds  
When Julie says she loves me  
The sky of my mind turns blue  
When Julie says she loves me  
She says more she ever said  
And when Julie says she loves me  
I can sing a song  
'Cause she'll take me home  
And all those selfish bloody things I did  
They tell the things I wouldn't do  
And I know my guts like I know  
That the world is green and blue  
You give me  
All of those reasons I need  
It's not just one of those single seasons  
And maybe I can show you the weight of words  
When I tell you thousand times  
When Julie says ...  
I can take all my dreams to bed  
And Julie says she must admit  
That she's the one to blame  
But like the breath of summer breeze  
I'll kiss your fears away  
When Julie says ...
