And, as we rise  
And, we fall  
Now I feel like I'm ten feet tall

But why every time I look to the sky,  
God never sends me a reply [3x]

Help me please  
Can you help me please  
Help me please  
Can you help...

And as we rise and fall  
Now it feels like I'm ten feet tall  
We must run, before we could crawl  
Life doesn't seem to matter at all

But why every time I look to the sky,  
God never sends me a reply [3x]

Help me please  
Can you help me please  
Help me please  
Can you help...  
[x2]

But you couldn't help, if it was for the wealth  
A dark skin black nigga, you could call me stealth  
I think I burped somethin' nasty, you could say I  
belched  
Do you really wanna be a notch in my belt?  
But I don't even know if he's ever been felt  
F-E-L-T  
You can never claim me  
K-Y-L-E is murderin' this in the streets  
But you don't even know who he be, I'm a beast

Help me please  
Help me please  
Help me please  
Can you help...

Help me please  
Can you help me please?  
Help me please  
Can you help me please?
