[Intro]

Aye shout out to Joey and Freddie for this one
A couple bars, you know?

[Verse 1]

Cork bottles of wine I can't pronounce
I'm hanging with women with men that they seem to
denounce
Want me temporarily they spouse
So unannounced. Damn
I might oblige, and go that route
But karma's a bitch, and I won't fuck
Association with modern designers
Writers that dig deep, Neo' inciters
That rise above the hot ass beat clap
That can flow on the mic, to the soul clap
I see u click click with your cameras
But I aim with this music made for the Acura
So can we can get more adequate?
