She was the kind of girl you get once in a life time  
She was fun to be with  
She made me laugh  
Beautiful, She is beautiful  
But now all I have is memories  
Pictures I've wanted to tear  
Because the pains™ been too much to bare.  
I'm glad I never did  
The pictures of you and me, together  
Are what I look at to get rid of the thoughts of you with  
him  
I stare and smile in a state of denial  
But reality is grim  
You with him  
How did he do it?  
Was I the one who blew it?  
We used to make fun of guys like him  
The way they think they™ re so cool  
With their sports and their parties  
They don™ t even care about people as people  
They see girls as possessions,  
And guys as entertainment.  
But somehow you fell for his charm  
His arm around your waist  
His arm in my place  
Do you ever think of me?  
Did you even care?  
Or was I just some temporary fix  
Until someone better came along.  
And how could he do this?  
Such a shameless move  
Stealing you from me  
He knew what he was doing  
he had to prove he could  
just because he wanted you  
he wants you this month,  
but next month he™ ll move on  
you will see his act back stage  
and ill be watching front row  
he may be smooth enough to take you away  
but he™ s sure not mature enough to stay.  
I wish you could see how little he cares

I wish you could see how much I still care.  
I'm upset right now  
But seeing your tears when he's done with you  
Is going to kill me inside  
I hope you remember me when its over  
I will let you cry on my shoulder.  
You're Killing Me Inside  
You're Killing Me Inside  
You're Killing Me Inside
