I am a maiden one of 93  
But I won't die the least bit mysteriously  
I go to school in the town of Warsaw  
Today they came for us all  
I am a girl but they are not men  
I am a woman but don't know it yet  
I have a brother but don't know his name  
He was born in the barracks in shame

Mama where are you, where have you gone?  
I need you with me to drink the poison  
For I'm nobody's martyr, only your daughter  
I'll reach you when I reach heaven

One of them spoke with a terrible voice  
He said make yourself beautiful - you have no choice  
We'll come for you refinery soon  
By tomorrow we'll blacken the moon

Mama where are you, where have you gone?  
I need you with me to drink the poison  
For I'm nobody's martyr, only your daughter  
I'll reach you when I reach heaven

Blessed art thou oh lord our God  
King of the universe there I must stop  
What is the blessing for taking our lives  
So that we won't become our enemies wives
