Johnny Lee comes to me when I am dreaming
when I am teeming over with reds and grays
teaches me how to sing circles around all that's
wicked and spiteful and causing me pain

he gives me colors so deep and so dark
feels like I'm painting with pieces of charcoal midnight
gives me colors so black and so blue
feel I can keep dreaming evening till broadest daylight

blue light I keep on dreaming
blue li - i - i - ight day and night
blue light and it feels alright
'cause I can sing about it

Johnny Lee comes to me when I am dreaming
when I am screaming from a bottomless sleep
teaches me how to sing circles around all that's
wicked and spiteful and making me weep

opening windows and opening doors I feel
moonlight and starlight is seeping out of my pores
I'm alone with my own gramophone from my
head and my heart to the part of me nobody knows

blue light I keep on dreaming
blue li - i - i - ight day and night
blue light and it feels alright
'cause I can sing about it

blue light I keep on dreaming in the blue light
dreaming of you black and blue light
singing or screaming in the blue light am I new

light blue light I keep on dreaming blue light
light blue light I keep on dreaming blue light

blue light I keep on dreaming in the blue light
dreaming of you black and blue light
singing or screaming in the blue light am I new

Johnny Lee comes to me when I am dreaming
when I am screaming from a bottomless sleep
teaches me how to sing circles around all that's
wicked and spiteful and making me weep
